 Services**

Mission Statement

Notre Dame-Cathedral Latin is a Catholic, co-educational college preparatory school.

Sponsored by the Sisters of Notre Dame who founded Notre Dame Academy and heir to the Marianist spirit of Cathedral Latin School, NDCL is grounded in the shared values of two strong educational traditions: faith formation, academic excellence, school as community, and commitment to service.

Like Mary who gave Christ to the world, NDCL prepares leaders who transform the world by doing the truth in love.

Dear Parents/Guardian

Aladdin Food Management Services would like to welcome everyone back for the new school year and is very pleased to become the new food service provider for Notre Dame Cathedral Latin. We encourage everyone to view the Aladdin website - www.aladdinfood.com - to learn more about who we are as a food service company.

Aladdin has developed a food service program specifically designed for a high school environment with an emphasis on food quality, variety, nutrition, and customer service. We incorporate many different branded concepts into the daily menu to ensure our customers are being offered fresh, wholesome menu items.

A menu will be posted on the NDCL website. There you can view all of the menu options available each and every day. Menu items will be offered in a combo meal price structure with price amounts of \$3.75 or \$4.25 depending on your specific entree selection. Every combo meal includes an entrée, one side item, and a beverage. Additionally, menu items can be purchased on an ala carte basis. Breakfast service will be available from 7:00 a.m. – 7:50 a.m. each day. Lunch service will be available during the regularly scheduled lunch periods.

Point of Sale System (POS)

This year, Aladdin is introducing a new computerized POS debit card system as an added convenience and benefit for students and parents. Each student will be assigned an account, whether or not they choose to elect this pre-payment option. Of course, cash will still be accepted in the dining hall.

How it works...

- An account is established for each student and includes an identification card with bar code.
 - Funds may be deposited into this account by check, cash, or credit card via a secure on-line web payment process.
 - As the student purchases food in the cafeteria, the account is reduced by the amount of the sale.
 - Deposits are made to the student's personal account. The identification card allows students to access these funds for food purchases. In addition to making deposits on-line, deposits can also be paid directly to the cafeteria cashiers, at the Food Service Office, and by mail. Checks should be made payable to *Aladdin Food Management Services*.
- IMPORTANT NOTE:** Negative balances will only be permitted up to \$10.00 and a written notification will be issued to the student when a negative balance occurs.

System Safeguard

- Dining service account funds may **only** be used in the cafeteria and are protected by both photo and name identification.

Forgotten ID Card?

POS will provide picture identification to cashier in order to verify identity of the account user.

IMPORTANT NOTE: All negative balances must be paid promptly.

How to Enroll...

- Complete the enclosed enrollment form for initial account set-up for each student.
- Make a check/money order payable to *Aladdin Food Management Services*. Mail the enrollment form and check to the attention of the Food Service Manager.
- Enrollment is optional – students may elect to pay cash for purchases. Every student will be assigned an account ID number for future use.

End of the Year Balance

- Dining account balances will be carried from year-to-year as long as your student is enrolled.
- Upon graduation or withdrawal, dining service account balances will be refunded.
